Personal choices

For you, for your family, for life. Genuine Toyota accessories make even more of the Prius+. With choices for style, practicality and innovation you have flexibility to personalise your car for the way you like things to be.

Pack

04

Protection pack

04

Protection pack

The Toyota protection pack offers individuality, value and convenience. With a tough rubber liner for the trunk and stylish scuff plates to guard the door sills, the pack adds to your car's day-to-day practicality.

Trunk liner

Durable black rubber with raised edges and an anti-slip surface.

Inspired technologies

Innovation inspired both the Prius+ and the great range of Toyota technology accessories. For drivers, for families, for travelling near or far. Each accessory adds to the pleasure of the journey.

You can choose multi-media navigation for easy route-finding and connectivity for your personal technologies. There's a sensor system to help with parking. And extra security for peace of mind. This is technology as it should be. Every button and display is designed to be user friendly. Every function satisfies a need.

Touch & Go navigation

Toyota Touch & Go and Touch & Go Plus are the ideal accessories if your Prius+ is fitted with Toyota Touch audio, but doesn't have navigation. Both systems upgrade your car's existing audio to also provide full map navigation and many family friendly travel features.

Toyota Touch & Go and Toyota Touch & Go Plus

If your Prius+ is fitted with Toyota Touch audio, but doesn't have navigation, you can enhance your system to include navigation with either Touch & Go or Touch & Go Plus. Each integrates with the existing Touch audio while adding full map pan-European navigation and a host of travel extras.

With the Touch & Go upgrade, the features include touch-screen and click and slide navigation operation, split-screen navigation/audio information, a places of interest database and a choice of languages for the directions.

Toyota Touch & Go Plus gives you everything that Touch & Go has, along with many extras such as advanced voice recognition, 3D city models and a traffic patterns database for intelligent routing.

Parking systems

Even with a car as manoeuvrable as the Prius+, you'll find the Toyota parking aid system a big help in avoiding accidental scrapes.

The system has ultrasonic sensors linked to in-cabin alarms that grow louder the closer you get to obstacles. Depending which model you drive, you can have sensors in the front, rear or front and rear bumpers. Importantly, the front and rear alarms have different tones and can be switched off when not required.

Parking aid sensors

The ultrasonic sensors are colour coded to your car's bumpers.

Cancellation switches

You can switch off the parking aid sensor alarms when not required.

Tailored space

Versatility, peace and quiet. The Prius+ gives you extraordinary layout flexibility combined with pure ride comfort for you and your passengers. Toyota interior accessories build on the appeal.

The range includes especially designed restraint seats for youngsters up to around 12 years.

There's leather upholstery and styling details for luxury, and floor mats and trunk storage for added practicality. The concept is tailored space. Each accessory gives you options to reflect life and your way of living it.

Luxury

True luxury is a Toyota leather interior. Style and practicality combine in a presentation that's as good to look at as it is to sit in. Add front seat heaters for those frozen mornings or winter nights and you create the ultimate in Prius+ sophistication.

Front seat heaters

Comfortably warms your front seats when the weather turns really cold.

Practical

People have different ways of living with their car. For some the Prius+ is a local run-around, for others it's long distance touring. Toyota reflects that individuality by giving you a wide range of practical accessory choices.

Smart entry key cover

Compact design featuring your car's distinctive hybrid synergy drive logo.

Scuff plates

Aluminium scuff plates add an extra touch of style while protecting the door sill paintwork against scratching. Available for front doors only.

Cargo net – horizontal

Clips onto pre-fitted hooks in the trunk and is ideal for securing a briefcase or bag.

Cargo net – vertical

Attaches to hooks in the trunk sides to help keep your smaller possessions tidy.

Trunk belt

Retractable self-tensioning horizontal belt for firmly holding larger items of luggage.

Ash tray / small bin

As an ash tray or for extra storage. The spring-shut lid is great for both.

Style, form and function

The Prius+ is unmistakable for its aerodynamic design. Big on space, yet with a silhouette that's streamlined for optimum efficiency. Toyota exterior accessories add to the effect.

The range includes carefully designed styling and protection details that flow seamlessly with your car's contours while adding touches of individuality. And, for those family adventures, there's the Toyota roof rack with a great choice of specialised carrying attachments.

Each accessory integrates perfectly to build on the harmony between you and your car.

Aerodynamic style

The refined aerodynamics of the Prius+ are clear for all to see. Toyota body styling accessories enhance the effect. The front, side and rear skirts combine with your car's smooth lines to add an extra dimension of sports personality.

Front skirts*
Adding a sporting emphasis around the grille and bumper.

Rear skirts*
A look of sports inspired aerodynamic efficiency.

Side skirts*
Shaped for integration along the lower sill to create a sporty, low profile appearance.

Protection

Crowded streets and busy car parks. People rushing here and there. Life can be tough on any car. Be assured, Toyota accessories offer an extra layer of protection to help keep your Prius+ in pristine condition.

Rear bumper plate

Strong bumper protection with a stylish matt black finish.

Corner protectors

For the front and rear bumpers. In black, or can be painted to match your car's colour.

Rear bumper film

Self-adhesive transparent film to protect the bumper paintwork.

Leisure

When you fit a Toyota roof rack you create added flexibility for exploring life's leisure potential. The roof rack is easy to fit and can be combined with a wide range of optional carrying attachments for specialised uses.

Fixing straps
Ultra-tough strapping with a torsion adjuster for securing loads.

Toyota roof rack
Strong yet lightweight aluminium design with integral locking.

Kayak holder (luxury)
Space saving design that secures a kayak type boat on its side.

Luggage box (luxury)
An aerodynamic design with big interior dimensions and a luxury finish inside and out. With security locking and passenger side opening.

Ski box (luxury)
Ideally shaped for carrying ski accessories. Featuring luxury exterior and interior styling, security locking and passenger side opening.

Standard bicycle holder

Lockable design with a quick lock and release system for easy loading and unloading.

Medium bicycle holder

Featuring an anti-theft system and moulded profiles to grip the bicycle wheels. Fits on either side of the roof.

Luxury bicycle holder

Lockable lightweight aluminium design with wheel and frame grips. Conveniently, the frame grip can be adjusted at roof height. Fits on either side of the roof.

Toyota stickerfix™

The simple solution to minor paintwork damage

TOYOTA
